

Greg, we had a wonderful experience with your arrangements and cruising on your bicycles. We have kept our booklets as a memory of the good times we had. Perhaps we will return to Napier some day. This is one of the towns I would have enjoyed spending more time on a peaceful, relaxing vacation. You have your own piece of heaven.

Your equipment was fantastic and your care for the details second to none. I was thinking as I left that if I were to ever consider a personal trainer, it would be either of you that I would finally try to change my ever deficient life style!

Any way, it was a pleasure to meet you and hope to see you again in the future.
