Philip and Carolyn Keber, Auckland. 23 March 2010

Carolyn and I are aged 60 years and can best be described as semi-retired. My background included 3 years as a board member of Tourism Waikato, so I naturally have an interest in promoting regions both in New Zealand and also other parts of the world. We travel extensively and our interests include cycling and walking for fitness and enjoyment. We have cycled and walked in Europe including 7 day cycle tours of the Loire Valley in France, and also in Northern Holland.

For the next two years we have chosen to explore and re-explore parts of New Zealand and that is why we spent the past week in the Hawkes Bay. While researching cycle rides in New Zealand I came across an interesting site and from that we booked and came to the Hawkes Bay. I came across the site by "googling" Prime Minister's bike trails, to Tourism NZ to Hawkes Bay bike rides to www.hawkesbaycycletours.co.nz. At this time we were unaware that the Rotary Bike Trails existed. We booked the rides with Greg and Sheryl who also arranged accommodation and bookings to the Gannet Tour, plus a guided walk up Te Mata Peak. I have to tell you that their communication was excellent starting with the information via the internet, the bookings, arriving at the motel to find all the guide maps and papers waiting for us (plus fruit & muffins). Later the first night they called and checked on us, and gave us a verbal briefing and kept in touch through the week. Their hosting & client management was as good as any we have received in Europe.
