

Our group of 7 have reluctantly, returned home from a weekend of great cycling and particularly good weather in Hawkes Bay. We were all really impressed with not only the weather and scenery - the bikes were really impressive! Only two seasons old, clean and well appointed, they were perfect for our group. I'm now onto Trade me to get a Giant for myself! On the first day, we took the option to cycle to Clifton and take the tractor and trailer ride out to Cape Kidnappers, climbed the hill to the Gannet Colony, back to Clifton then cycled back to Clive. What a great day we had, the people at Gannet Beach Adventures were informative and fun!

On the second of our cycle rides, we took to the Rotary track again – and duly arrived in Napier.

These two days were taken at our own pace, both included a steep climb for the best view (off bikes) - don't like hill climbs but certainly pleased I made the effort! We couldn't have asked for better weather and the trails we cycled suited our variable levels of fitness perfectly. Thanks Sheryl for your contribution to a memorable long weekend....we'll be back!
